Principals' Message

Dear Parents,
Greetings!!!

With immense pride and joy I present the inaugural edition of our Newsletter, capturing the vibrant beginning of the new academic year at Dhi School of Excellence.

At Dhi, we believe that education goes beyond textbooks. Every day is thoughtfully designed to make learning personalized, experiential, joyful, and meaningful. Our classrooms are spaces where curiosity is encouraged, creativity is celebrated, and every child is inspired to discover their unique potential. This month, our students embarked on a wonderful journey of learning through memorable experiences. From creating handprint keepsakes to mark the beginning of our Foundation learners' academic journey, to capturing precious selfies with teachers that will be cherished for years to come, every moment was crafted to build lasting memories. Through nature walks, students explored the world beyond the classroom, while hands-on Science experiments transformed concepts into exciting discoveries.

Musical expressions, physical fitness activities, and interactive classroom experiences ensured that learning remained engaging, holistic, and fun-filled. These experiences reflect our commitment to nurturing not only academic excellence but also confidence, compassion, creativity, and lifelong curiosity in every child. I extend my heartfelt gratitude to our dedicated teachers, supportive parents, and enthusiastic students for making this beautiful beginning possible. Your trust and partnership inspire us to continue creating meaningful learning experiences every day. Invite you to explore this newsletter and relive the special moments that made June a memorable start to an exciting academic year. Together, let us continue shaping a future where every child learns with joy, grows with confidence, and excels with purpose.

Best Regards!

FACULTY TRAINING PROGRAM

Igniting Minds, Inspiring Excellence

An eleven-day journey of learning, collaboration, innovation, and professional growth that prepared our educators to nurture future-ready learners while upholding the values and vision of Dhi School of Excellence successfully conducted. The programme was thoughtfully designed to orient, inspire, and equip educators with the knowledge, skills, and shared vision required to deliver quality education and create meaningful learning experiences for every student.

The programme commenced with a grand Inaugural Ceremony, beginning with the traditional lighting of the ceremonial lamp by the Honourable Directors, Mr. Vikrant Terala and Mr. Prasant Terala, along with the Principal, Ms. K. Rupa. The ceremony symbolized the pursuit of knowledge, wisdom, and the collective commitment to excellence.

The inaugural session was followed by a warm welcome address by the Principal, Ms. K. Rupa, who highlighted the school's mission and vision. She inspired the faculty to embrace their roles with dedication, responsibility, and accountability, encouraging them to work together towards the shared vision of providing world-class education while remaining deeply rooted in Indian values. She emphasized that every educator plays a vital role in shaping confident, compassionate, and future-ready learners.

Over the course of the 11-day programme, the faculty participated in a series of enriching sessions aimed at strengthening both their professional competencies and personal well-being. A dynamic team-building session, led by Principal Ms. K. Rupa, fostered collaboration, trust, and a shared sense of purpose among the staff.

The Induction on School Policies and Academic Standard Operating Procedures (SOPs), conducted by Dr. Mona Mehdi, Director Academics, familiarized teachers with the school's academic framework, teaching expectations, assessment practices, classroom management protocols, and student engagement strategies, ensuring consistency and excellence across all classrooms.

Each day began on an energetic and positive note with morning prayers, yoga, and Zumba sessions, promoting physical fitness, mindfulness, and team spirit. Teachers also underwent comprehensive ERP and Smart Board induction sessions, facilitated by Ms. Nitya and Mr. Vedansh Terala, enabling them to integrate technology into teaching and classroom management.

The training programme featured several expert-led sessions that enhanced the educators' instructional skills. Dr. Mamta, Principal Sanskrit The School conducted an insightful workshop on effective classroom management, while Ms. Aparanjini guided teachers through best practices in student assessment and evaluation. A dedicated stress management session by Ms. Sakshi, Principal Sanskriti Kids focused on maintaining emotional well-being and achieving a healthy work-life balance, empowering teachers to perform at their best.

As part of their readiness for the academic year, teachers also engaged in practical workshops on lesson planning, classroom decoration, curriculum preparation, and creating engaging learning environments. These activities encouraged creativity, collaboration, and meticulous planning to ensure a smooth and impactful start to the school year.

The Faculty Training and Orientation Programme concluded successfully on 12th June 2026, leaving the faculty motivated, aligned with the institution's vision, and fully prepared to embark on a new academic journey. The programme reflected Dhi School of Excellence's unwavering commitment to continuous professional development and its mission of nurturing educators who inspire excellence while upholding strong Indian values.

"Nurturing Nature, Inspiring Change-Working Towards a Greener World"

On the occasion of World Environment Day, 5th June, the faculty and administrative staff of Dhi School of Excellence came together to celebrate their commitment to environmental sustainability through a meaningful plantation drive and a collaborative collage-making activity.

The plantation drive symbolized our collective responsibility towards preserving and nurturing nature, with every sapling representing hope for a greener and healthier future. The creative collage-making activity encouraged teamwork and innovation, allowing teachers to express their shared vision for environmental conservation through vibrant ideas and artistic expression.

The celebration served as a reminder that protecting the environment begins with small, conscious actions. Through these activities, the Dhi family reaffirmed its commitment to fostering environmental awareness and inspiring young minds to become responsible, compassionate, and environmentally conscious citizens who contribute towards building a sustainable future.

Many Hands, One Vision - A Symbol of Unity

At Dhi School of Excellence, every member of the Dhi family came together to create a vibrant Hand Impression Activity, celebrating the spirit of unity, collaboration, and shared purpose. Each colorful handprint represented an individual's unique contribution, while together they formed a beautiful masterpiece that reflected our collective vision and commitment to excellence.

More than just an artistic expression, the activity symbolized the strength of teamwork, mutual respect, and the belief that every hand plays an important role in shaping the future of our school. It reinforced the values of togetherness, creativity, and collective responsibility that define the Dhi community.

This meaningful initiative by Dr Mona Mehdi, Director Academics, stands as a lasting reminder that when many hands come together with one vision, extraordinary achievements become possible.
